WILL REVIEW WAR WORK CAMPAIGN

St. Mary's War Service Club to Hold Annual Meeting Tonight at Lyceum

ELECTION OF OFFICERS

Proposed to Continue Use of Lyceum For Soldiers and Have First Class Club House.

The War Service Club of St. Mary's Catholic Church will hold its annual meeting at 8 o'clock tonight in the Lyceum Hall at which time the program for further activities will be outlined and officers will be elected.

The National Catholic War Council will continue to use the Lyceum as one of its permanent service clubs.

St. Mary's congregation has done splendid work during the war for the soldiers.

It is planned by this organization to see that the men actually in the service, or who have been in the service always find at the Lyceum all of the accommodations of a first class club house.

As long as Camp Humphreys is used as a war camp it will be necessary to carry on the work of providing breakfast and lodging. Other work also is proposed which probably will provide entertainment for the wounded soldiers.

Officers of the local organization are: Mrs. M. R. O'Sullivan, president; Rev. Louis Smet, treasurer, Miss Ellen C. McFarland, secretary.

SHOT BY SHERIFF

Freeling, Va., April 25.—News just received from Skeezrack is in effect that Jefferson Stone, a young man of that place, was shot and seriously perhaps fatally wounded by County Policeman Eugene Damron.

Details of the affair are meager, but it appears that Damron found Stone and some others near a still, where the trouble ensued. Stone was taken to a hospital at Dante, where he is said to be in a critical condition.

Damron was promptly lodged in the county jail upon the charge of shooting Stone.

LOSES LIFE FOR CHILD

Mother Drowns Trying to Rescue Two-Year-Old Daughter

Flemington, N. J., April 25.—Attempting to save her 2-year-old daughter from drowning in a large pond near their home, at Jutland, yesterday afternoon, Mrs. G. Early Dairymple lost her life. Both bodies were recovered. It is thought that the wind blew the baby carriage into the pond.

When the mother rushed into the water to save the baby another child ran for assistance. Help arrived quickly, but it was too late to save their lives.

IN MEMORIAM

In sad but loving remembrance of our dear daughter, ALICE MINOR KELLEY, who departed this life one year ago today, April 25, 1918.

We had a little treasure once,
She was our joy and pride,
We loved her ah, perhaps to well,
For soon she slept and died.
All is dark within our dwelling,
Lonely are our hearts today,
For the one we loved so dearly,
Has forever passed away.

By her loving mother and father,
Mr. and Mrs. James J. Kelley.

COXEY'S APPEAL

Demands Initiative and Referendum Amendment to the Constitution.

Jacob Sechler Coxey, Sr., whose address in the Waldorf-Astoria, New York, or Massillon, Ohio, has sent out circulars favoring the initiative and referendum as permanent relief for the present unsettled condition of business and the general discontent of the people.

He says "if the women suffragists, with fifty women, having camp fires about the White House, can come within one vote of getting the Suffrage Amendment through, what will be the effect of two or three hundred thousand determined business, professional, soldiers, and working men who feel that their personal liberties and rights have been violated by the adoption of the Prohibition Amendment, without their having a voice in its adoption. Should they take up their abode in the same neighborhood?

"The Prohibitionists through their efforts and agitation, while millions of our boys were over there fighting for liberty and freedom, have caused the Prohibition Amendment to be adopted. This prohibition amendment has aroused the indignation of millions of people who are opposed to it, but who have made no effort to prevent its adoption, other than laughing at the Prohibitionists while they were putting it over on them.

"The people now realize that one of their liberties is gone. What next?

"There are millions of Prohibitionists, non-partisans, Socialists, Labor Unionists, Democrats, Republicans and Progressives in the United States who believe that the initiative and Referendum should be applied to the Federal Constitution.

"Therefore they will favor this Initiative and Referendum amendment, and, after it becomes a part of the Constitution, we can offer, through petition, an anti-prohibition or other amendments or laws and submit them to the vote of the people at a general or special election.

"Then, for the first time in the history of this Government we will have a true democracy—a voice of the people—I believe that the voice of the people is the voice of God"

CONCERT TONIGHT

Mme. Lawson Will be Assisted by Local Talent

A concert will be given tonight in the West minster Building of the Second Presbyterian Church by Mme. Franceska Lawson. She will be assisted by Miss Virginia Schwab, piano soloist and Miss Evelyn Howard, elocutionist.

The New York Musical Courier says of Mme. Lawson: "Belonging to a family of musicians, Franceska Kas-Lawson merely followed tradition when she developed a soprano voice of great beauty and wide range. With careful training, her voice demonstrates ample power and remarkable flexibility. Gifted with charming personality and such fine vocal attainments which she employs with intelligence and temperament, Mrs. Lawson could not fail to be the popular favorite she is."

OFFICER DIGS FOR BOOZE

Freshly Turned Mound of Earth Near Railway Tracks Was Not Hiding Place

Danville, Va., April 25.—Thinking that he had come across a case of liquor, Thomas E. Bowles, a local police officer, began digging yesterday evening on a mound of freshly turned earth. He knew that the bootlegger is not averse to making a cache of his haul if he finds elements against him in making a getaway.

After digging for three feet the policeman dug up a dead pig which had been laid to rest near the railway track on the outskirts of the city.

ARGENTINE IS PROSPEROUS

Barrett Says People Distrust Federal Labor Regulating System

New York, April 25.—Robert S. Barrett, of this city, commercial attache at the American Embassy at Buenos Aires, arrived here today on the steamship Vauban to tell manufacturers and exporters of this country the condition of trade affairs in South America.

"Argentine is prosperous," said Mr. Barrett, "but is virtually isolated because of labor troubles. The people have no confidence in the attempt of the Government to regulate labor conditions by doing the work itself any more than you could expect the work of caring for the needs of New York harbor to be done from the City Hall or from Albany."

"The root of the trouble," he said, "lies in the fact that while all over the world, war conditions improved the position of labor, in Argentine the cost of living advanced 100 per cent, while labor got only 20 per cent. advance in wages.

"The workmen were compelled to strike and now that they have produced agitators the situation is far more difficult for the Government to contend with than before. They are fighting for the right to boycott a ship which is bringing goods to a firm that they say is not fair to labor.

"The result of all this is that Argentina, which normally has as its revenue about $500,000 a day from its custom houses, has now practically nothing and this state of affairs cannot go on for long. The Government and labor will be obliged to get together and compromise.

"The effect in the United States is that it is paralyzing our trade. In Argentina the crops are tremendous, especially wheat, and when I left I understood that it was practically settled that the country was to loan to the Allied nations $200,000,000 gold with which to purchase the Argentine crops."

Mr. Barrett is expected to arrive in Alexandria today.

WILL MEET IN RICHMOND

The Virginia State Bar Association will hold its meeting this year in the city of Richmond, on May 15-17, at the Jefferson Hotel. Since its organization in 1888 the association has always met during the summer either at the sea-shore or in the mountains, but it is believed that the proposed change in the time and place of meeting will prove very acceptable to a large part of the membership.

Lucian H. Cocke, of Roanoke, president, and the other members of the executive committee are making every effort to mak this meeting a most memorable one both in interest and attendance.

Judge Martin P. Burke, one of the code revisors, will read a most interesting and instructive paper on the revision of the code. The revised code will go into effect January 1, 1920, and every lawyer in the state will look forward to Judge Burks' paper with eager anticipation. A like service was rendered to the bar by his distinguished father in a paper read by him before the association in 1891.

The annual address will be delivered by the distinguished lawyer and speaker, Hon. Frederick H. Coudert, of New York.

In addition reports from several of the committees of the Association will furnish matter for interesting discussion and action.

DEFIES POSSE

Stanardsville, Va., April 25.—Two thousand feet above sea level among the crags and caves of the Blue Ridge mountains, Edgar Morris, the self-styled Jesse James the second, who demonstrated his contempt for the law by assassinating the magistrate here March 28 continued today to defy capture.

The day's search by a posse of citizens who are intent on winning the $1,000 reward that has been offered for the capture of the outlaw, proved that only a systematic siege of his hiding place will lead to his arrest.

WILL DISCUSS MANAGER PLAN

Mass Meeting Tonight at Rooms of Chamber of Commerce

VOTERS ARE INVITED

Citizens Committee Feels Opposition Due to Lack of Understanding of System.

(Submitted by Citizens' Committee)

The question of change in form of city government, which will be decided by the voters and tax-payers of Alexandria in the very near future, is a subject worthy of the deep consideration of every voter and tax-payer in Alexandria.

Whether the affairs of the city in the future are administered by an inefficient system or a simple responsive system, is a matter which will decide what kind of service the city will receive and what it will cost them. One feature of the council-manager plan which has made it very popular in other cities is that the principles of the plan call for publicity of the details of the city's business, and that every citizen regardless of his walk in life, has in the city-manager a person he can go to with any matter that arises, and will always find the manager anxious to help solve his problem for him.

A great many cities have adopted the council-manager plan of government, and there is not a single instance where this plan was adopted by the vote of the people that it ever reverted back to the old system.

The present system of government has not failed through improper administration of affairs by the present council, but has failed simply because the present organ of government is not a proper instrument of administration to transact business along business lines.

The citizens committee feels that a great deal of the opposition that has developed to the new plan is due to lack of understanding of the system, and it is hoped that a great number of these questions will be presented to the meeting tonight, so that these matters can be discussed.

The citizens committee firmly believes that the big majority of the people of Alexandria want to analyze this proposition on its merits, and reach a proper decision as to what system of government is best to meet the needs of the city and take care of the future problems that will arise. The solution of these problems will determine what kind of a city Alexandria is going to develop into, and determine what benefits will be derived by those who own property in Alexandria and live in Alexandria.

With this end in view the citizens committee is anxious to have the council-manager plan thoughtfully considered by every citizen of Alexandria. Therefore, the citizens committee is trying to throw every light possible on the situation, and the members of the committee are no more or less interested in this matter than every other citizen and tax payer of Alexandria.

It is hoped that all those who have doubts in their minds in regard to the Council-Manager Plan will come to the meeting tonight and discuss the proposition.

MONUMENT TO AVIATOR

Will be Erected at U. V. in Honor of J. R. McConnell, Who Lost Life in France

Charlottesville, Va., April 25.—The statue of James Rogers McConnell, '10, who lost his life flying in the Lafayette Escadrille, has just been received at the University of Virginia and will be at once erected on the knoll north of the old Chemical Laboratory. This work of the sculptor, Gutzon Borglum, of New York, is the result of a nation-wide campaign among the friends of the dead aviator. It depicts McConnell flying in his plane; and being the first of its kind ever erected, has created a sensation in art circles.

The statue will be unveiled during the University finals in June. Plans are being made to secure a special speaker for the occasion. In recognition of McConnell's services, the French government has sent to the University a bronze commemorative tablet which will be placed in the University Chapel.

FOR NOBLE CAUSE

Money From Sale of Victory Bonds Will Help Wounded Soldiers

No doubt there are various kinds of bravery. Last summer the country talked a great deal about the American soldiers meeting death "with smiles on their faces," and we felt that this display of courage could never be overshadowed. Perhaps it cannot, but lately there has been reason to believe it can be equalled, at least. Has enough thought been given to that other kind of courage that bears deformity with cheerfulness? This true incident is only one of many that illustrates the moral fiber that makes the American soldier 100 per cent game and grit.

A trainload of wounded for a southern hospital was met at one of the day stations by the Red Cross women, who went through it giving aid and comfort.

One, noticing the unusual pallor on the face of a boy stretched out on a cot, unfastened a rose from her corsage and handed it to him. As the soldier made no move to take it, she asked him if he did not want it, and another who lay near said: "Lady, you don't understand. He wants it, but he can't take it, for he has no hands."

Tears came to her eyes and she choked when she tried to speak, but the first boy laughed and said: "Never mind, lady, it's all right; he hasn't any thing on me, for he hasn't any feet."

No more important work than the retraining of these crippled soldiers remains for the government to do. There are to be no war dependents among the brave boys who suffered to bring about victory. Those who have lost their feet are learning to walk on artificial ones. Machine-made hands are being turned out so perfectly adaptable that a man who has lost both of his own is now trained as a mchanical engineer.

But this work takes money—quite a lot of it. Is it not money well spent? The Victory Liberty Loan will in part go toward this work.

HURT IN FIGHTING

Paris, April 25.—An attack was made upon the escort of Premier Orlando, of Italy, just before he left for Rome last night.

Six persons were wounded in the fighting.

The trouble was precipitated by a soldier while Premier Orlando and fifteen attaches of the Italian delegation were on their way to the station to take the 8 o'clock train for Rome.

Later an investigation was made and it was officially announced that the attack was begun by a Serbian soldier.

The actual facts are said to be that a French Poilu precipitated the trouble when he demanded of the Italian guard why the Italians were leaving Paris. The whole affair may have started in jest, but for a time it threatened serious consequences. Cooler heads intervened and restored order. Feeling here is tense.

ROSEMONT LOTS

Sale of 250 Lots Begins Tomorrow—Chance For Home Builders

As will be seen by an advertisement to be found elsewhere in the Gazette a total of 250 lots in the beautiful division known as Rosemont situated on the electric car line between King street, Walnut tree and the Washington Southern Railway are offered for sale at price ranging from $250 to $ 1,800. This is a splendid chance for home builders to secure a fine site.

The sale of these lots will begin tomorrow and close May 4.

Caroll Pierce, vice president of the Citizens' National Bank, is to be made trustee for this property.

An office for the sale of the lots has ben established at T. C. Hoy's store, 600 King street, and will be kept open day and night. Those who contemplate purchasing lots are invited to call and obtain all necessary information.

Special inducements are offered to builders. Those desiring to inspect these lots will be carried to the subdivision in the company's autos free of charge. The F. C. Goodnow Co., has charge of the sale of these lots.

HELD FOR KILLING BOY

tow Over a Girl Ends in Tragedy, it is Alleged.

Kilmarnock, Va., April 25.—Tobe Tolson, colored, was yesterday committed to jail by Justice Cundiff to await the action of the next grand jury. Tolson is charged with stabbing Charlie Cantelroy, near Whitestone, Lancaster county, Monday night while both were on their way home. According to the story told to Justice Cundiff, the boys became embroiled in a dispute over who should accompany a girl to her home. It is charged by the authorities that Tolson drew a large knife from his pocket and drove the implement into the heart of Fantelroy, causing instant death.

BUYING REGISTERED BONDS

Subscribers To Victory Loan in This Way Can Guard Against Loss From Any Source

Washington, April 25.—Subscribers are encouraged by the Treasury to buy registered instead of coupon notes to eliminate danger of theft or loss.

In explaining this, Treasury officials said the desire of the Treasury to issue registered securities wherever possible was emphasized in this Loan because the registered notes carry one interest coupon for the December 15 payment, thus saving the Treasury the expensive routine of sending out interest payment checks at that time.

Unofficial reports show that most subscriptions so far have been for coupon notes, which may be converted later to registered securities. Most subscriptions appear to be for the 4 3-4 per cent. personally exempt notes rather than the 3 3-4 wholly exempt securities.

THE ITALIAN BLUFF

The Italian delegates will not break up the Peace Conference by withdrawing, says the New York Times. "The business of the conference will be continued, the treaty will be prepared, it will be submitted to the German plenipotentiaries, and we have very little doubt that it will be signed by them. We have just as little doubt that in the end the document will be adorned with the signatures of Orlando and Sonnino in behalf of Italy.

The announcement or threat of their withdrawal seems to lack finality. They have nothing more to propose, they declare, but are willing to receive and consider overtures from other members of the Council. That is not exactly the way in which they would put it if they had irrevocably resolved upon withdrawal. Orlando and Sonnino appear to be carrying out a political rather than a diplomatic policy. They say the Italian people are "seething" with excitement over the fear that they may lose Fiume.

Orlando and Sonnino have sought to win by insistence carried to the point of obstinacy. They may return to Rome, they may do many things, but unless their passions have got the better of their reason, they will not put Italy in the unfortunate and dangerous position of being an outsider when the treaty is signed and the League of Nations becomes operative. Italy aided her partners in the war. She was helped by them. She is going to stand in need of help from her partners in peace. No nation can afford to dissolve that partnership.'

The Baltimore Sun in commenting on Mr. Wilson's stand says "two facts stand out with regard to President Wilson's statement regarding the disposition of Fiume, a statement which, it now appears, was made with the knowledge and approval of Premiers George and Clemenceau and with the knowledge of Premier Orlando. The handing over of this seaport to Italy could be accomplished only by disregarding a principle which is vital to the securing of a durable peace and to the success of a league of nations—the principle of the safeguarding of the rights of small nations. The history of Serbia shows that these nations, without free and secure access to the sea, cannot maintain their rights. A durable peace under such conditions is impossible."

GERMANY'S PEACE FEELERS

Gottlieb von Jagow, German Foreign Minister during the first part of the war, has disclosed to a correspondent the overture for peace made by the Kaiser in October, 1916, in a dispatch to the President reminding him of an offer made while the Sussex case was under discussion to make overtures for peace.

Nothing was done, and in December Chancellor von Bethmann-Hollweg made a so-called peace speech. Later the President made an appeal to the belligerents for statements of their war aims, and the whole effort to negotiate a peace dropped. Von Jagow says that the reason the Kaiser sent the message to the President was the increasing demand of the German people for a more ruthless use of submarines, and the danger recognized by the Kaiser, the Chancellor and the Foreign Minister that such a submarine campaign would bring the United States into the war.

As an exchange says, "there are several other details of this German effort for peace which von Jagow does not mention, but they are decidedly relevant. In October, 1916 Marshal Haig was approaching the close of the Somme campaign in which, although at tremendous cost in casualties, he had been uniformly and strikingly successful. If good weather had lasted two months more the probability is that Germany would have been driven to its knee.

"The Kaiser, then, asked the President to initiate arbitration measures because he was being defeated. He had suffered so before Verdun and on the Somme that the prospects of victory faded, and he was willing to call the war a draw. The reason for the ruthless submarine campaign was not popular clamor, but the conviction that the army could not conquer a peace, and the hope that England might be starved into submission before America, if it entered the war, could get any considerable number of troops across. The German Admiralty promised the submission of England in six months."

AFTERMATH OF WINTER

Those persons who were deprived by the recent spring days and took down stoves and stowed away their overcoats and blankets in moth balls were surprised last night and this morning when they found that Nature had revised the atmosphere and handed out a chilly day, accompanied by winds that penetrated thin spring suits.

The Weather Bureau issued a warning yesterday afternoon that strong northwest breezes were headed for this section and a considerable drop in the temperature would be felt. The winds were caused by a storm in the lower St. Lawrence Valley yesterday afternoon and which is moving northeast.

Toward the close of yesterday high northwest winds prevailed with falling temperature, and early in the night heavy winter clothing was found comfortable. Branches were twisted from trees by the gale and in some places bricks were blown from chimneys. Between six and seven o'clock this morning snow flurries were in evidence. While the wind has subsided considerably, the weather today has been cold and fair

WE ARE ALL DISSIPATORS

Dissipation isn't confined to the careless spending of money or the excessive indulgence in raw, rude customs says a Baltimore minister. "There are some people who would be ashamed to have a drop of wine show on their vests—or dresses—and who shrink with horror from the grosser forms of sin, but who nevertheless "dissipate" in those things which are regarded as most beneficial in themselves.

"Some dissipate by careless reading—cheap, trashy stuff monopolizes their attention. If once they acquired a taste for better literature, they'd never go back to the trash that once fascinated them.

"Others dissipate by listening to lectures and discussions and sermons without doing any real thinking for themselves. Their minds are like sieves. Only the most fragmentary things cling to their brains. They never get more than a superficial knowledge of what they hear discussed.

A good many of us dissipate in emotional feeling, stirred by art and music and even religion.

It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

NEGRO TO DIE

Jury Finds Death Verdict in Nine Minutes—Sentence in Ten

Baltimore, April 25.—Isaiah Fountain, on trial as the assailant of Bertha Simpson, a white school girl, of Talbot County, was sentenced to death late yesterday afternoon at Easton. The jury deliberated 9 minutes before finding the prisoner guilty. The judges conferred for 10 minutes before pronouncing sentence. Fountain will be brought to Baltimore and sent to the penitentiary to await execution.

There were no demonstrations in Easton. General satisfaction with the verdict was expressed on all sides. All intimations of violence have ceased. State's Attorney Butler, in his closing address to the jury, described the crime in detail.

At one point in the testimony Fountain, who was standing in the dock, suddenly became ill and was taken from the courtroom for half an hour.

The prisoner, testifying in his own behalf, denied that he had committed the crime and attempted to establish an alibi.

SUBJECT TO TRIAL

Ex-Kaiser, Ex-Czar Ferdinand, von Tirpitz and von Bissing Held Responsible.

Paris, April 25.—These men are subject to trial by an international tribunal, on the strength of the report just filed with the Peace Conference by the commission on the responsibility for the war and war crimes:

Wilhelm Hohenzollern, the ex-Kaiser.

Ferdinand, ex-Czar of the Bulgars.

Grand Admiral von Tirpitz, author of ruthless U-boat warfare.

Gen. von Bissing, who was Germany's military governor of Belgium.

When in need of a purgative, do not resort to violent cathartics, but take the gentle, natural laxative—

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

"Our rooms never looked so well"

Of course you want your furniture and hangings to harmonize with the finish on your walls, ceilings and wood-trim—well, simply finish them with

Don't Scrub Walls and Woodwork

SCRUBBING ruins the tinting and finish, causing walls and woodwork to become soiled more quickly and making them harder to clean.

A better and easier way is to make a paste of

20 MULE TEAM BORAX SOAP CHIPS

by dissolving one cup of the chips in two cups of boiling water. Apply to surface to be cleaned and remove with a wet cloth. The Borax in the chips quickly softens and removes all dirt and stains without scrubbing.

FAVOR NATION-WIDE STRIKE.

Commercial Telegraphers Vote to Demand Recognition of Union, Says Official

Washington, April 25.—Returns thus far received from the strike vote now taken among the members of the Commercial Telegraphers Union of America were declared last night by F. H. McDowell of Washington, a member of the union's national grievance committee to indicate that not less than from 90 to 95 per cent of the membership will vote to strike to enforce the organizations demand for recognition of the union and the right of collective bargaining.

Mr. McDowell, who conferred last week in Boston, with the International president of the union, S. J. Konenkamp, asserted that the strike vote as received to date shows nearly 100 per cent of the New York and Chicago membership to be in favor of a strike.

Returns from San Francisco, Seattle, New Orleans, Dallas, Cincinnati, Pittsburgh and Washington, he said, show a vote of 90 to 95 per cent in favor of a strike of the union's 16,000 members.

As a member of the committee canvassing the strike vote, Mr. McDowell said he would recommend that in event of a favorable vote, the date of the strike be postponed until about May 15, "in order to allow Postmaster General Burleson to meet the union's requests."

Harrisonburg, Va., April 25.—The body of E. H. Ralston, who had been missing since Tuesday morning, April 15, was found Sunday afternoon in the woods bordering the Churchville road, less than 2 miles from Staunton, with a cut more than half way across his throat. It is believed that he killed himself. Ralston had been a patient at the Western State Hospital in Staunton since the first of the year, and in care of his nephew, Jesse L. Ralston, was out on a 90-day furlough.

Police Declare Danville Man Admits Trying to Rob the Driver

Danville, Va., April 25.—Rupert Strater, a young man from Reidsville, N. C., is being held here for further investigation following the charge brought against him by Geo. Medley, a colored transfer car driver, that he tried to chloroform him Monday night. According to the testimony of the negro in court, Strater hired him to take him to a house on Wilson street, While going there Strater is alleged to have attacked the negro from the rear of the car and to have held an ether soaked handkerchief over his mouth and nose. Medley threw the car in reverse and leaped from it; leaving it running backwards.

Strater was arrested at the station and was found with the ether and the handkerchief. He said that Medley had stolen $40 from him, and that he was trying to get it back. Later, according to the police, he confessed to an attempt to rob the car driver.

Great Welcome Planned With Big Parade And Review Featured

Richmond, Va., April 25.—Adjutant General Jo Lane Stern yesterday received information that the Eightieth Division, Virginia, West Virginia and Pennsylvania troops, would land in this country next month.

No definite date was mentioned, the message merely stating that the troops would be here before the month ended.

Adjutant General Kerr, of the United States army in Washington, stated today that the division would be sent to Camp Lee in a body and demobilized there. He also stated that an effort would be made to have the division parade here.

In the event the plans of General Kerr are carried out this city will be the scene of the greatest parade ever held here as the total number of men will be around 30,000.

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all enemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances. DISGRUNTLED ITALY

Premier Orlando and Foreign Minister Sonnio Leave Paris For Rome.

Paris, April 25.—"It is incompatible with my dignity as the chief of the Italian government to continue to sit side by side with President Wilson after he has addressed himself to the people I represent," Premier Orlando is quoted as saying in an interview published by Le Petit Journal.

"Wednesday night Premier Lloyd George sent me a moving letter begging me to remain and requesting an interview with me Thursday morning.

"I met Mr. Lloyd George later. The words he said on behalf of himself and M. Clemenceau deeply touched me.

"My determination to return to Italy must not be attributed to bad temper. I haven't any animosity toward the United States."

Nevertheless, Premier Orlando sat side by side with President Wilson three hours later.

Paris, April 25.—Premier Orlando and Foreign Minister Sonnino of Italy, left Paris for Rome last night. Prime Minister Lloyd George and Premier Clemenceau in an effort to overcome the crisis in peace negotiations resulting from President Wilson's positive stand against awarding Fiume to Italy.

Paris, April 25.—Admitting that they fully expected the Italian delegation to move out of the peace conference, if they chose to take the consequences of their uncompromising attitude, America's peace plenipotentiaries assured newspaper men late yesterday that such a move by Italy would in no way affect the position of the United States.

The American delegation, they said is prepared to conclude peace on an equitable basis, regardless of the action of other countries.

This was the first intimation that President Wilson has planned his course of action.

INGOMAR THEATRE

Can a thief, reared by a thief, in an atmosphere of crime from child hood, really reform? This is the question raised by the characterization of Ethel Clayton in "The Girl Who Came Back," her first Paramount picture which is on view at the Ingomar Theatre tonight. The photoplay is filled with thrills and heart appeal and is one of the best seen here in many weeks.

A two-reel Fox Comedy "Virtuous Husbonds," will also be shown.

RICHMOND—Dorothy Dalton

At the Richmond Theatre tonight Dorothy Dalton will be seen in "The Home Breaker," her wonderful comedy drama success.

GRAND TOMORROW

Rosamond Gilbert leaves a Puritanical home at the death of her uncle with a pocket piece of $3,000 and an ambition to make dreams come true.

She sets herself up as a fortune teller, to the horor of the neighborhood, and gives sage advice to her clients at so much a head.

How she finds the greatest happiness for herself forms the bewitching theme of "The Dream Lady," a photoplay of unusual appeal in which lovely Carmel Myers is the star.

Also Tom Mix in a Western drama.

RAILROADERS SAVE GIRL

Find Victim of Brutal Highwaymen, Who Put Her in Path of an Approaching Train

Gaitzinu, Pa., April 25.—Attacked by two highwaymen, one of whom struck her on the head with a blunt instrument, Miss Mary Crawford, aged 20, daughter of R. A. Crawford, of Bennington, near here, was robbed and left lying unconscious on the westbound passenger track of the Pennsylvania Railroad Tuesday night. A fast passenger train was due at that point within 20 minutes, but Miss Crawford was rescued by railroad brakemen a few minutes before the train arrived. She is reported to be in a critical condition as a result of her thrilling experience.

Miss Crawford was walking along the tracks toward her home when she was attacked by two men. She was struck on the head and fell across the rails. A pocket-book containing $20 was stolen. The highwaymen left the woman on the tracks, it is believed, to cover up the crime. Two brakemen discovered the girl, making futile efforts to crawl from her dangerous position. She was partly conscious, but unable to make her way to safety. She was rescued just a few minutes before the passenger train arrived.

The freight train on which the brake men were riding was traveling at a rapid rate when the men discovered the girl. it was stopped, and Miss Crawford was carried to an interlocing tower near by, where she received medical attention. It is thought that she is suffering from a fractured skull.

DRIVE BACK BOLSHEVIKI

Cossacks With Siberian Forces They Capture Villages

London, April 25.—Ural Cossacks troops, apparently acting in conjunction with the Siberian forces of Admiral Kolchak, have begun an offensive in the region of Uralsk in Southeastern Russia south of Samara and have captured several villages west of Uralsk.

A Russian wireless official statement under date of April 22 admitting the progress of the Ural Cossacks, says that further north the Bolsheviki have carried out further retirements "owing to enemy pressure."

$2,200 FOR "GOLD BRICK"

Frostburg, Md., April 25.—Benjamin Siegel, shoe repairer, lost $2,200 in a gold brick scheme. A stranger wanted his shoes repaired and waited for them. He told Seigel he was broke, but that his father, who had been a prospector in Alaska, left him something he would not part with, no matter what his financial circumstances. He then produced a lump of "gold," which he said was worth $8,000.

At this juncture a "jeweler," who had previously visited Siegel, appeared to inquire about a business location, and Seigel asked his opinion of the value of the lump. He made a "test," saying it was worth $8,000. When Seigel refused to buy at $5,000, the jeweler asked the privilege of buying. The matter was compromised by purchasing in partnership, each paying $2,200.

The stranger gave his money in cash and Seigel did likewise after his check was refused. Seigel was given the gold to keep until his partner could negotiate its sale. When Seigel went to Baltimore to have it tested and to sell it, he found that he had been buncoed.
